

# Dolphin Snacks

Girls will flip for these bright bites! Set up a snack creation station inspired by this year's mascot.

**Bonus:** The dolphins can serve up new Raspberry Rally™ cookies to girls!

## Supplies:

- Bananas
- Berries or other fruit
- Girl Scout Cookies®
- Cups
- Scissors
- Markers

**TIP:** Invite girls to pick their favorite Girl Scout Cookie™ to place in the dolphin's mouth. If possible, have Raspberry Rally™ cookies on hand so girls can taste test the new flavor.

# Dolphin Snacks Instructions

- 1 Wash scissors and fruit. Cut the bananas into 4"-5" lengths, keeping the stalks. To create the dolphin mouth, using scissors, cut the stalk portion in half lengthwise and continue about 1" into the main body of the banana.

- 2 Place the cut banana into the cup with the cut stalk sticking up. Fill the rest of the cup up with fruit of your choice. Don't forget to add eyes using a marker!

- 4 Place a cookie into the cut stalk to look like a dolphin carrying a cookie! If you don't have cookies on hand, a blueberry or small grape can be used instead to look like a beach ball!

Cookie  
tasting  
activity!
