Prerequisite

- I have finished a Cadette Journey, including the Journey's Take Action™ project.
- I know that I need to finish my project and submit paperwork by September 30th after 8th grade is completed.
- I know the Silver Award **Take Action** project's required elements are 1. Practicing **leadership**; 2. Addressing a **root cause** of a community issue I care about; and 3. Creating a plan to make my project **sustainable**.

Project Proposal

- I developed a title for my project.
- I provided information about myself (solo model) or myself and up to three other Cadettes (small team model) and additional adult resources.
- I provided the name of the completed Cadette Journey and completion date.
- I answered the Journey reflection questions to remember the lessons learned from the Journey's Take Action project.

- I have identified my target audience (who is going to benefit).
- I have identified and engaged experts and others in my community who might be able to help with my project or have knowledge of how my project issue affects my community.
- I have described my plan to address my issue's root cause and make my project **sustainable** by using one of these three methods:
 - Create a permanent solution that can be used after the project is complete.
 - Educate and inspire others in the community or within Girl Scouts to be part of the change.
 - Advocate to change a rule, regulation, or law and encourage others to join.
- I have worked with my team (if applicable) to identify all team members' **leadership** roles, which are all different and will each take approximately 50 hours of work.
- I have reviewed my plan and confirm my project is Take Action and not Community Service.
- I have listed potential supplies needed and estimated costs.
- I am aware of my local council's requirements for any of my project's donations, money-earning activities, or the use of troop funds.
- I am aware that each individual team member should spend approximately 50 hours on the project and maintain a Time Log.
- Optional: I've identified how I would try to make my project measurable by making a goal to measure the project's success.*
