

How to Register for 2010 GSSEM Summer Camp Opportunities

1. Review the list of available programs, grade levels, and dates found on each camp's homepage. These summer programs will be available at [Camp Hawthorn Hollow](#), and [Camp Innisfree](#).
2. General information about each specific camp location can be found in the Potential Campers section of each camp's website. **Please note:** a camp physical signed by a licensed physician within the past 12 months of a campers program is required for Resident Camp and Destinations programs. You will be required to provide this on check-in day for your camper to be admitted to camp.
3. To view the details of a camp program, go to our summer camp [calendar](#) and find the date that the program begins. The name of the program and the camp location will be underlined. Simply click on the listing to view the details of the program. There will be a button on the bottom of the description page to click and register. Note: You can register online and then follow-up with payment by check if you prefer not to pay online.

Camp Designations: CHH = Camp Hawthorn Hollow

INN = Camp Innisfree

4. There is also a "Spread the News" button at the top of each program description listing. This will allow you to email the listing to a friend who you think may also be interested in that program.
5. When you click the "register" button on the bottom of the program description, you will be guided through the registration process.
6. You can receive a \$25 discount for full-length sessions and a \$12 discount for mini-sessions when we receive your registration by April 15, 2010. This discount will be applied to your balance.
7. Each registrant requires a non-refundable \$40.00 deposit for resident camp and day camp sessions, and a non-refundable \$200.00 deposit for Destinations.
8. Girls may elect to attend camp with one friend. Girls will be housed together, but must be registering for the same session/program. Buddies must register for the same program/session. If you would like to register two girls as buddies please make sure both girls list each other's names. To ensure placement in the same program and session please register both girls at the same time. Entering a buddy's name does not reserve a space for that buddy.
9. Financial aid is available for those who qualify. You can apply for financial aid as part of the online registration process.
10. If you are registering siblings for a camp program, you will receive a \$25 discount.
11. **New this summer!** You can select to include spending money for the camp trading post in \$20 and \$40 amounts as part of the registration process.
12. The balance of the camp fee is due 30 days in advance of the program's start date. Our registration program will create a login for you, so you can choose a password and return to the site to make your payments.
13. You will receive a camper confirmation packet by email with required camp forms, packing list, detailed information, and directions to camp, unless you unselect this option.
