

1

Day Camps and Outdoor Skills and Adventure Days

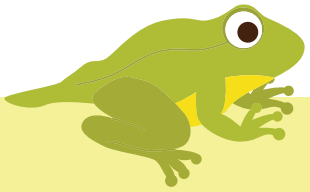

GSSEM offers a variety of one-day opportunities that provide a great introduction to the outdoors. From volunteer day camps held in the summer and one-day camp samplers at Camp Hawthorn Hollow, to outdoor adventure days in every community, girls have many opportunities to get comfortable learning and playing outdoors.

2

Weekend Camps

Weekend Camps at Hawthorn Hollow provide troops and parents opportunities to experience the traditions of overnight camp, learn new skills, and go on adventures all led by experienced camp staff. Campers will make new friends and fond memories while they gain a new appreciation for the outdoors.

3

Troop Camping

Troop Camping is the ultimate girl-led camping experience. Girls choose their own camping accommodations — from roughing it in tents to cabin living. They also decide their own outdoor adventures, plan their own badge activities, and cook their own meals.

4

Counselor in Training (CIT)

Experienced Senior and Ambassador campers are encouraged to become CITs (counselor in training) at Camp Hawthorn Hollow. The CIT leadership program is a great way to combine girls' love of the outdoors with the opportunity to build leadership skills.
