Seeing the Beauty in Our Differences Patch Program

Girl Scout Week: March 6–12, 2022

Celebrate understanding and mutual respect with this NEW patch program during Girl Scout Week!

There are elements of beauty in everything—if we open our minds and take the time to look. During this patch program, we'll explore how faith and Girl Scout values contribute to who we are and celebrate the beauty in our differences. **Girl Scout Week 2022** is the perfect time to not only appreciate one another but to also commemorate Girl Scouts' 110 year-old birthday on March 12! This program, presented by GSSEM's Religious Relationship Committee, has meaningful activities for every Girl Scout level all week long.
