Your Booth Sale Distribution has been saved.

Okay

Notice the message used the term Booth Sale Distribution- the Troop Link Functionality is considered a “Virtual Booth”. The screen you will see are very similar to the Booth Sale Recorder used for physical booth.

Using the Troop link to gather payments at a physical booth, please use the booth sale recording feature to account for these troop link funds.

The logo for eBuddle features a large, stylized green 'e' followed by the word 'Buddle' in a bold, blue, sans-serif font. A small, multi-colored star is positioned above the final 'e' in 'Buddle'.

eBuddle tries to distribute to girls evenly. However you can manually update the girl numbers if you choose. The detail may also be displayed in varieties.

You can go in and change the numbers by girl if you choose. What you cannot do is distribute more cookies than the total cookies being distributed. Also, you cannot distribute more of a variety or category than was originally ordered. eBuddle will give you an error message.
