

Be a Tree Detective

Girl Scout Daisies try lots of new things, but the thing they do best is have fun! Share this fun activity and get started on her journey today.

Just like there are different types of dogs, cats, and birds, there are different kinds of trees, too! They can be very tall or not so tall, wide or narrow, and have big leaves or tiny leaves—or even needles instead of leaves!

Go for a walk with a grown-up in your family and see how many types of trees you can find in your area. Then draw pictures of them on this page, or have a grown-up help you look up photos of the same types of trees that you can print and paste here.

 Place leaves your girl finds outside on a flat surface and cover them with plain paper. Have each family member rub a crayon or pencil over the top to make pretty leaf art.

Get Instant Courage

Girl Scout Daisies try lots of new things, but the thing they do best is have fun! Share this fun activity and get started on her journey today.

Courage means being brave and confident, even when you feel scared or sad. Courage can help you try new things, stand up for what's right, and even make friends!

Think of an animal who has courage. Is it a lion who roars for all the jungle to hear? A

mouse who is small but mighty? Your family pet who doesn't like going to the vet but goes anyway? Draw or paste a picture of that animal in this area, then hang it by your bed to remind you to have courage every day!

Do certain songs make you and your girl feel more courageous? Have your girl help you pick songs for a courage-themed playlist that you can listen to whenever your family needs a boost.
