Journey Take Action

45 minutes

Taking Action is a part of Girl Scout history, and vital to complete a Leadership Journey or High Award. In this interactive session you will learn how to identify a Take Action project, and what Taking Action looks like at every Girl Scout level.

Objectives:
1. To develop an understanding of what a Take Action Project is, and how it differs from Community Service
2. To develop an understanding of the elements of a Take Action Project, and what those look like at each Girl Scout level.
3. Commit to a personal Take Action goal

Session Structure:
1. 30 minute group discussion of Take Action projects and the elements of Take Action
2. 5 minute interactive ‘quiz’ on Take Action
3. Optional: Take Action project Hands on Learning Activity

Prepare Ahead:
Create voting ‘paddles’. These can be made from almost any material, and should have a ‘TA’ on one side, and a ‘C’ on the other. Each participant will need their own ‘paddle’ for the interactive quiz activity.

As Attendees Arrive:
Ask them if they have completed a Journey with their group. If they have, ask them to write the Take Action project on a sticky-note or on the white board. Organize the projects by Girl Scout level; and Journey topic if possible.
